

ServiceEntityRepository

ServiceEntityRepository

AppRepositoryUniversityRepository

```
graph BT; A[AppRepositoryUniversityRepository] --> B[ServiceEntityRepository]; A --> C[ServiceEntityRepository];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'AppRepositoryUniversityRepository'. Two arrows originate from the top of this box and point upwards to two separate boxes at the top, both labeled 'ServiceEntityRepository'. This indicates that 'AppRepositoryUniversityRepository' is a base class or interface that is implemented or inherited by the two 'ServiceEntityRepository' classes.
